Give your ceiling a silver lining

Horizon™ is a range of floating acoustic panels that create a cloud-like illusion when suspended. With clean lines and simple, two-dimensional geometric forms, Horizon elegantly holds space as both a design feature and a high-performance acoustic absorber. Made from 100% polyester fibre, Horizon panels are lightweight yet strong; easily installed on ceilings and walls without the need for clear space, as the channels, clips, and suspension wires require limited contact. The adjustable suspension system allows you to set the hanging height with ease, giving you the ability to target multiple frequency levels within the space. Horizon can also be clipped to walls as a removable acoustic panel, without the need for adhesives.

Features and benefits

- Delivers excellent acoustic performance
- Suitable for wall and ceiling applications
- Low VOC—beneficial for IEQ
- UV resistant qualities
- No formaldehyde, crystalline silica, or other carcinogens
- Easy to remove and clean
- Hides ceiling services
- Durable, providing long-term stability and performance

Applications

- Decorative and functional acoustic treatment for interior spaces

Customisation

As creators and innovators, we understand your pursuit of the bold and unusual, the rare and exceptional—the brave, colour-outside-the-lines ideas. Every space you design is unique, therefore, every element—from floor to ceiling—should be tailored to fit. Our customisation tools offer unique avenues for creative expression to help you achieve your vision—all that's left to explore are the boundaries of your imagination.

Our customisation capabilities include Precision Cut and Peel 'n' Stick.

Caring for the Environment

Horizon is manufactured using 100% polyester fibre and contains a minimum of 60% recycled fibre (from PET plastics). Our products are designed to be recycled at the end of their life too.

We have continual improvement programmes in which we implement a range of initiatives to mitigate the environmental 'hotspots' that we have identified. Our products are GreenRate Level A, Health Product Declaration (HPD), and CDHP Standard certified.

Horizon is made from Cube which is DeclareSM certified to be Red List free and can be used in Living Building Challenge projects. Autex has a high functioning Environmental Management System (ISO 14001) to enhance our environmental performance and contribute to sustainable development.

Declare.
