		In excess of

SAS730 is a linear profile system offering ‘H’ and ‘U’ formed profiles for an alternative aesthetic finish. The system is ideally suited to premium retail environments and other, similar high traffic areas requiring smoke extraction applications.

As an aluminium-extruded profile system, SAS730 offers superior quality, bespoke finishes and can accommodate complex geometry.

**Profile Sizes**

Standard Length	3000mm Max.
Standard Width	30mm
Standard Depths	35mm

Bespoke profile sizes and waveform profiles are available on request. SAS730 is limited to 3000mm lengths max.

**Access**

SAS730 offers limited access as standard. Integral 600mm<sup>2</sup> and 1000mm<sup>2</sup> access hatches can be achieved as a non-standard offering.

**Finishes**

SAS730 is available in all standard SAS finishes, please refer to page 105. Bespoke finishes are available on request, including polished and anodised.

**Service Integration**

Service integration is limited to separately mounted services in between profiles.

**Technical Support**

Please contact our technical team for all questions relating to access, bespoke features and service integration.
