

Ultima™

ULTIMA, ULTIMA dB, ULTIMA OP, Ultima OP dB

Benefits

- A new smoother white surface with a range of acoustical performance options to suit your space and needs
- Improved durability with a complete range of edge details
- Sustainable Contribution
 - Global GreenTag^{CERT}™ GreenRate™ Level A Certified for Green Star™
 - Cradle to Cradle Certified™ Bronze for WELL Building Standard™ *
- TOTAL ACOUSTICS™ Performance (NRC+CAC)
 - High sound absorption for reduced reverberation and quieter spaces
 - High sound attenuation, improving room to room privacy
- Humiguard™ Plus RH99 Sag Resistance
- ISO 3 Clean Room Performance

27 NOVEMBER 2023

ULTIMA™

A Bright Green Solution

Reduce Environmental Impact

- ULTIMA Ceilings are Cradle to Cradle Certified™ Bronze, satisfying Features, of the WELL Building Standard™

- ULTIMA Ceilings are Global GreenTag^{CERT™} GreenRate™ Level A Certified, and recognised for credit as a "Sustainable Product" under the Green Star(R) Buildings v1.0 Rating Tool

- Ultima and Bioguard Acoustic panels meet Green Star (R) Buildings v1.0 as recognised for Credit 9: Responsible Finishes.

Also meets WELL v1.0 and 2.0 and recognised for various Features

- Ultima Ceilings have been third party certified by IBU (Institut Bauen und Umwelt e.V. (IBU) as conforming to the requirements of ISO 14025. Ultima Ceilings, with Product Specific EPD's satisfy Credit 9 "Responsible Finishes" in Green Star Rating Tools.
- High recycled content (up to 50%)
- Contact your Armstrong Ceilings representative for details on how ULTIMA will contribute to **GREEN STAR™**, **WELL**, **LEED®** and **BREEAM®**

Enhance Indoor Environment

**In accordance with the Brinjac Engineering Study, 2006

One visual with a complete range of TOTAL ACOUSTICS™ performance options to fit every space and need

ULTIMA Standard, OP, dB and OP dB have outstanding acoustical performance but with different core densities and panel thicknesses that enable you to engineer sound reduction and attenuation to meet different requirements.

ULTIMA™ and ULTIMA OP dB ceilings provide the perfect **total acoustical balance**. High sound absorption combined with excellent sound attenuation make the product ideal for working and learning environments.

ULTIMA™ OP ceilings provide an excellent **sound absorption**. These products are ideal for open plan spaces where control of ambient noise is an important consideration.

ULTIMA™ dB ceilings provide Total Acoustical Performance, but with an emphasis on excellent levels of **sound attenuation**. The product is ideal for spaces where privacy between rooms or where noise from above the suspended ceiling are important considerations.
